

## Certified Environmental Management System

As of August 2022, our 45 domestic sites and 16 overseas production subsidiaries established an environmental management system with ISO 14001 certification. By conducting reviews for certification regularly, we check the progress of our environmental management and make necessary improvements.

Classification		Target	ISO14001 certified	Percentage
Domestic	Production plants/bases <sup>1)</sup>	16	16	100%
	Parts business sites <sup>2)</sup>	29	29	100%
Overseas	Production companies <sup>3)</sup>	19	16	84%
<b>Total</b>		<b>64</b>	<b>61</b>	<b>95%</b>

1) New production bases are excluded from the target base

2) Included HQ, logistics centers (5 sites), Parts office (22 sites), Cheonan Stockpile Warehouse

3) A joint venture is excluded from the target base
